

Northern Rother District Councillor's Report – November 2022

S106 Affordable Housing Payments

1. The Council currently holds £377,797.49 in S106 planning contributions (or 'commuted sums') paid by developers instead of providing onsite affordable housing. For example, commuted sums are negotiated when the affordable housing planning policy does not round up to a whole house or flat. This funding is ringfenced to facilitate the development of new affordable housing provision in Rother.
2. Although there are no time limits attached to any of the payments currently held, with the oldest payment received in October 2018, there is nevertheless an expectation these funds are allocated within a reasonable timescale. Typically, these funds have been used to support viability gaps on registered provider housing schemes and to support delivery of small schemes including delivery of the former rural exception site programme; see Figure 1 below for further details of previous S106/commuted housing allocations. These payments have tended to be made in rural areas, partly as they have supported our exception site programme and due to site viability issues in rural areas.

Cemetery Lodge, Bexhill

3. Capital funding totalling £200,000 is needed to enable BCLT to deliver the new build and refurbishment scheme of Cemetery Lodge, Bexhill and provide six new affordable homes for local people of Bexhill, as per planning application RR/2022/1233/P. It is proposed that £200,000 of the above S106 affordable housing allocation be granted to deliver this scheme.
4. This sum is required to support the considerable refurbishment costs of retaining the lodge as part of any future scheme, based on initial surveys of the building and the expertise of the Sussex Community Housing Hub (SCHH). The proposed funding streams for the scheme are set out below. All funding has been secured and agreed in principle with lenders (subject to this grant) supported by the SCHH. Any funding agreement between the Council and

BCLT will be made subject to BCLT being able to demonstrate having secured the remaining funds required to deliver the whole scheme.

RDC s106/Commutated Sums	£200,000
RDC Community Housing Revenue fund (Match funding provided by HE in 2020) (received)	£11,017
Homes England Community Housing Fund (received)	£109,323
Bexhill CLT Loan	£904,814
Total funding	£1,225,154

5. Subject to planning approval (expected in November 2022) and final terms of sale of the site to BCLT (CB21/31), Cemetery Lodge will now progress to the development phase where other funding options have been established. The current indicative programme for delivery is shown below:

Cemetery Lodge	
Pre Planning Phase	Quarter 4 - 2021 / 2022
Planning Application Submission	Quarter 1 - 2022 / 2023
Start On Site	Quarter 4 - 2022 / 2023
Practical Completion	Quarter 3 - 2023 / 2024

Community Led Housing Programme

6. Nationally, funding of the community led sector remains very uncertain. There is currently no new CHF to replace the former scheme and no sign as yet, of any renewal under the new Government administration; meaning current and new CLH schemes are at risk of being aborted at critical pre-development stage. As such, Local Authority support for both revenue and capital funds, and in any form, is critical for CLH projects to be able to progress.
7. While it is recognised there are enough CHF funds remaining to deliver this scheme (total £203,200.28), this would mean there is no funding left to support smaller revenue bids on future CLH schemes, where funding is most needed. A depletion of CLH funds may undermine our Community Led Housing Programme and devalue our service level agreement with the SCHH by reducing our shared ability to achieve agreed performance indicators included in the HH&RSS. A full breakdown of the CHF allocations to date are summarised at Appendix A.

Conclusion

8. The affordable housing S106 budget currently remains unallocated and is recommended that further investment in the CLH programme and the Cemetery Lodge site offers the best opportunity to deliver new affordable housing provision that is driven locally, and accordance with our housing policy and corporate priorities.

9. Officers propose £200,000 of grant funding to BCLT from Council S106 Affordable Housing Fund to ensure BCLT have the remaining capital finance needed to progress this scheme to deliver six much needed affordable homes.
10. The Council's corporate plan sets out that 400 homes for affordable rent will be delivered during the planned period. This small development site is a good opportunity to move further towards meeting this ambition target. As the development climate becomes increasingly challenging and proposed national planning reforms potentially reduce the provision of affordable housing, it is important that opportunities within the Council's control are fully realised.

Financial Implications

The council is required to use S106 funding ringfenced for affordable housing in Rother. Failing to use this fund could risk the funding being withdrawn for failure to use, especially where a time limit has been agreed for spend.

Environmental & Sustainability

Full design for the Cemetery Lodge redevelopment and extension is being produced. There is a clear intention from BCLT with development partners to incorporate renewable technologies in the scheme. Construction methods that promote affordable warmth are also being considered. This is in line with the HH&RSS.

Legal Implications

Grant applications for these funds has been made by BCLT. Members have previously given delegated authority to the Director of Place & Climate Change to sell the site of Cemetery Lodge to Bexhill Community Land Trust and final terms of the sale, for the purposes of delivering Community Led Housing schemes, subject achieving full planning permission and incorporating Cemetery Lodge as part of any final scheme.
