Possible suppliers currently with stock of 5ft Trees as at 15th February 2022

Gardeners Dream	£89.99 (unlcear, assuming potted)
Primrose.co.uk	£35.00 (bare root only)
Trees online	£76.80 (potted 7-15L pot))

Item 14

Street Names

Applicants for new street names are required to consult with the Parish Councils and provide evidence they have done so.

Advice given to applicants for new street names includes:

- you will need to make an email request to the Parish Council Clerk for an agenda slot at their next Parish Council Meeting at which the street names you wish to be considered can be discussed. Additionally you will need to consider that the Parish may subsequently advise you of any additional names they may prefer to use for the street.
- It is preferable that more than one potential street name is agreed in preferred order and submitted to the Street Naming and Numbering Department in case one of the names is not suitable or is duplicated. It is important that the Parish Council confirm each name approved/not approved.
- The evidence we require is that each potential street name has been discussed by the Parish and the outcome of the discussion. This will include reasons for approval or rejection of each street name and preferred order of submission.
- You will then inform the Street Naming and Numbering Department at rothersnn@rother.gov.uk of the potential street names that have been agreed in consultation with the Parish. Your evidence will be the Parish Council Meeting Minutes or an email from the Parish Clerk confirming which names were approved/not approved; reasons for approved/not approved and the preferred order. (It is important that more

than one street name is agreed in preferred order and submitted to the Street Naming and Numbering Department in case one of the names is not suitable or is duplicated).

- The Street Naming and Numbering Officer will then make a final decision on the Street Name and the Suffix.

For further details see the Rother Street Naming and Numbering Policy
