

Supporting Paperwork for Brede Parish Council meeting 28th June 2022

Item 11

Cllr Fotheringham suggests there should be improved highways signage around the Parish, particularly on the crossroads. To assist with the case for improvement, he is suggesting a look at what other villages have done, what signage they have used, and its effectiveness. Cllr Fotheringham would lead on this project and I would recommend it becomes a working group, so it reports back to Council each month.

Item 12

Suggested dates for Garden Competitions

Nominations by 9th July

Judging in the week of 11th to 16th July

Presentations at July Council meeting?

Or

Nominations by 31st July

Judging early August

Presentation at September meeting, or at a separate event in September?

Council to discuss and decide.

Councillors to reconfirm which areas they will look at and provide nominations for.

Item 13

The clerk had been contacted by a resident and informed that children were accessing the ponds over the back of the recreations ground, following the cut back of overgrown brambles and grass. As the clerk was on leave at this time, Cllr Hampson investigated and found there was a significant gap which was indeed allowing access

Due to the concerns for the children's safety, Council need to discuss whether a small piece of fencing should be installed, by the council, to prevent such access. Councillors may wish to consider some signage, such as private land/no access/deep water.
