

Supporting Paperwork for Brede Parish Council meeting 27th May 2025

Item 10e Newsletter

A first draft of the newsletter will be circulated before the meeting.

Item 11 Accessible Path

We have now been advised that our chosen contractor for the path is unable to do the works. Reasons given include concerns that the type of path materials chosen are not suitable for the area, as the wooden edging will rot due to the poorly draining soil, and the aggregate will not bind together properly. Also concerns over the mowing of the area and damage from the mowers. Council need to consider this and decide if to go back to a tarmac finish. New quotes will be needed.

Item 12 Crossroads

Following another accident at the Crossroads recently Council to discuss if and what action can be taken.

Item 15 Gift of Land.

The Clerk and Chair will update following a recent meeting.
