Accessibility statement for Brede Parish Council

This accessibility statement applies to the website: www.brede-pc.gov.uk

This website is run by Brede Parish Council. We want as many people as possible to be able to use this website. For example, that means you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've also made the website text as simple as possible to understand.

AbilityNet has advice on making your device easier to use if you have a disability.

Technical information about this website's accessibility

Brede Parish Council is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

Non accessible content

Many of our older PDFs and Word documents don't meet accessibility standards – for example, they may not be marked up so they're accessible to a screen reader.

The Accessibility regulations 2018 do not require us to fix PDFs or other documents published before 23 September 2018 if they are not essential to providing our services.

Any new PDFs or Word documents we publish will meet accessibility standards.

Some of our brochures and documents, such as posters, are designed to be downloaded and printed, so these may not be fully accessible.

Community content may not be accessible and is not covered by this statement.

Most older PDF, Word, Excel and PowerPoint documents are not fully accessible to screen reader software.

How we tested this website

Our website has been checked by Wave for Level AA standards of the WCAG 2.2. We will continue to monitor issues that arise using online accessibility checkers.
