

Reports for Brightling Parish Council meeting 13th March 2024

This report covers 2 topics:

- Web site
- Broadband

Katrina has already reported on the Environment Strategy.

Web site

The Village Hall representative has been loading items onto the site, updating pages, and adding items to the calendar. The main contributors now are therefore me, the Parish Clerk, the Village Hall representative, and Jane Beard.

If other contributors want to come forward I would be very happy to get them a logon and give any necessary training.

The site continues to be hosted by Rother District Council.

Broadband

Within the parish of Brightling, there are now just 4 properties that do not have access to full-fibre broadband. These are all in the Mountfield Park Farm area. Openreach are committed to delivering full-fibre broadband to these properties. It seems pointless to give a timescale, as they have broken too many promises in the past. However, plans to deliver full fibre to these properties are in hand. I meet the Openreach project manager on-line every two weeks and I will stay on the case until we have 100% coverage in the parish.

If you have any queries, please drop an email to highwealdsuperfastbroadband@gmail.com
