

Village Traffic and Roads Report

Vehicle Activated Sign (VAS) Report

Black Cat Traffic Monitoring Device

During the period two week long Black Cat traffic monitoring sessions have taken place, one at Two Hoots (adjacent to the VAS), and one Church Lane. The former was the VAS calibration for this month's VAS data and the latter was to determine the volume of traffic along Church Lane outside the summer season.

A summary of the traffic volume so far determined along the lanes is shown below:

Day	Church Lane			Tanhouse Lane (Jempson's)			School Lane		
	Date	To A268	Away A268	Date	To A268	Away A268	Date	To A268	Away A268
Mon	24/10/22	95	106	29/08/22	156	143	04/07/22	50	61
Tue	25/10/22	105	110	30/08/22	129	164	05/07/22	79	74
Wed	26/10/22	115	128	24/08/22	208	134	29/06/22	72	73
Thu	27/10/22	113	108	25/08/22	157	124	30/06/22	79	69
Fri	28/10/22	162	165	26/08/22	201	188	01/07/22	64	68
Sat	29/10/22	148	165	27/08/22	147	130	02/07/22	56	56
Sun	30/10/22	126	131	28/08/22	185	76	03/07/22	41	51
Totals		864	913		1092	959		441	452

Speed Watch

There were no speed watch sessions carried out this month due to lack of operator availability.
