

Village Traffic and Roads Report

Vehicle Activated Sign (VAS) Report

Due to low battery power VAS recordings were lost between 19:31 on the 21st until 12:36 on the 26th and again between 03:41 on the 31st until the 2nd of January. This represents a loss of approximately 5 days of recording or 16%.

Black Cat Traffic Monitoring Device

There were no Black Cat monitoring sessions carried out this month. The VAS calibration data for December was determined this time last year.

Speed Watch

There were two speed watch sessions carried out in the period, both at the Old Post Office, but one fell victim to the weather.
