

Minutes of Peasmarsh Development Working Group

Meeting – Thursday 17th March.

Our meeting opened at 7.30p.m.

Our thanks for the great achievements to date were offered to all our volunteers, for their time, commitment and support.

We reviewed the progress of the next steps from the previous meeting.

Approximately half the village has now received their Rother feedback form with the majority hoped to be delivered by the end of this week.

A discussion took place to learn from each other's experiences while delivering the leaflets, so we are able to answer the questions and concerns raised on the doorstep more completely.

Stephen Jempson has generously agreed to have the drop box for the completed documents in the store. He has also agreed to support us by allowing us to have a table on set weekends to help, support or discuss the proposed development and completion of the form with members of our community. Our thanks go to Win for organising this for us.

Due to short notice and prior commitments, we were unable to proceed with the planned information point at Jepson's on 20th and 21st February. This is to be rebooked for Friday 6th and Saturday 7th March. Volunteers are required as per the next steps below. **Simon to lease with Stephen Jempson**

As **Clerk of the Parish** Council Amy was contacted to see if she would be willing to receive photographic and video evidence to support our concerns for the developments within the Village. This has been confirmed so any photographic evidence should be emailed to clerk@peasmarsh-pc.gov.uk . This will be collated and sent to Rother as supporting evidence.

It was agreed that Keith's working example for the completion of the Rother form would be circulated to the working group on the understanding that the information of page 1 with his home address and personal details would not be circulated to the general public. This is to be used by the working group only as a steer for the completion of the form. It's contents are limited due to the time constraints and is produced as a guide and example only. We should encourage all completing the document to cover the whole village as a unified body rather than only raise concerns in our immediate location. One village – 1000 voices. **Simon to share.**

Tonia and Rose very generously agreed to deliver leaflets to the caravan park and consideration was to be given to other potential areas that had been missed on the original mailing plan.

The banners reminding people to complete the paperwork were to be displayed from Wednesday – **Simon** .

The next meeting is to be held on **Tuesday 24th February at 7.30p.m.** in the Village Hall and **Marcus will chair** for the next two meetings as Simon is unavailable. The focus of the next meeting will be to explore and understand how to complete the Rother Form so that we are able to support and help the members of our community who require assistance or guidance.
