

Why should we care about
Supported employment?

Skills and training

- Confidence
- Independence
- Communication
- Work ethic

The Stats

- The number of adults with learning disabilities is predicted to increase by 11 per cent by 2021. This would raise the number of people in England with learning disabilities to over one million by 2021
- 6% unemployment, in general population nationally.
- 93% Unemployment in LD
